DOR NEWS

BCL SG's DOR Student Services department offers opportunities that support students between ages 16-21 in exploring and preparing for the world of work. Students who participate qualify for paid work experience onsite where they will learn Job Exploration, Postsecondary Counseling, Skills for Work, Self-Advocacy & more! Those who complete the program are then placed into an entry-level position with a partnering organization!

MENTAL HEALTH CORNER

As we enter into this new month, please remember to take time to take care of you! Life gets busy and often times we forget to slow down. Today do something that you love, go for a walk, call a loved one, anything to put a smile on your face! "It is not selfish to love yourself, take care of yourself, and to make your happiness a priority, it is necessary". - Mandy Hale
